

ITEMS.—A great many regiments are passing through our city to and from the front. We regret that our limited space precludes the possibility of our giving them more than a passing notice. We would be pleased to give the history of every regiment, if our space would admit. We will endeavor to record their deeds of valor, however, when they again enter the battle-fields of their country. The brave boys carry with them the blessings of all true patriots.

Recruits are passing through rapidly in great numbers. Four hundred arrived from Springfield, Illinois, yesterday, and sixty-six from New York. We learn that they are passing to the front by other routes daily in large numbers.

Rebel prisoners and guerrillas are brought in almost daily, and confined in the Military Prison. All those who are not ordered to be tried by the court-martial now in session here, are sent to the different Northern camps.

We are informed that there are a good many cases of small pox in the hospital for this contagion. We hope that the necessary precautions will be taken by our citizens to prevent its being conveyed to the city.

John Welsh was arrested yesterday for highway robbery, and confined in the city prison.

Michael Hayes was arrested yesterday for a Government pass on the Jeffersonville ferryboat.

Fifty soldiers reported for duty yesterday, and one hundred and eighty-five were transferred to their regiments.

The 10th Kentucky left this place for Maysville yesterday.

Seven deserters were received from Nashville last evening.

The remains of the late Capt. J. P. Harley, of the Louisville Legion, will be conveyed to their last resting place this afternoon, from the residence of his mother. He was a brave officer, and universally esteemed.

We learn from the New Albany Ledger that a lad aged thirteen years, a son of Mr. Smedley, of Smedley's station on the Louisville, New Albany and Chicago Railroad, was thrown from the platform of one of the Portland Railroad cars, on Wednesday, and horribly mangled one of his arms, the car passing over it. The arm was amputated by Drs. Sloane and Elwood, of New Albany, and the little sufferer will probably recover.

The small-pox has nearly disappeared from the peninsula at Jeffersonville. There are only two cases now under treatment.

The city was rid with rumors of guerrillas last night. Passengers who arrived on the train from Nashville last evening reported all quiet along the road. It was reported that Knoxville had been taken by the rebels, and guerrillas were also reported in large force at Bardstown. The military authorities dictated the reports.

From all sections we have the most cheering reports of enlistments. Recruiting is going brisk every day.

We understand that Reuben Chapman and others have been sent South, recently, from Huntsville, Ala.

Four negro soldiers were poisoned at Clarksville, Tenn., a few days since by James Braden, a negro of that place.

The 9th Ohio cavalry, Colonel W. D. Hamilton, will be reviewed on Broadway at ten o'clock to-morrow, after which they will leave for the front. An excellent brass band will be in attendance.

We learn that Judge A. D. Rogers, an eminent lawyer of Christian county, will shortly remove to this city to practise his profession.

The Indianapolis Journal of Wednesday announces an unexpected visitor to that city in the shape of a neat little steamboat, which came up from Wabash, sixty miles distant on White river. This is the second attempt at steam navigation on that river, and it is likely to prove successful this time.

DISTINGUISHED ARRIVAL.—The Belle Dighton, Admiral Porter's despatch-boat, arrived at New Albany yesterday from some point below. She brings a distinguished officer, whose name we were unable to learn, on business of importance. This little craft is truly a naval curiosity, and her lightning speed attracted the attention of our steamboatmen. She generally accompanies the flag-ship Black Hawk, and is used for the purpose of sending messages to the fleet. We are told that she makes twenty-five miles an hour without any extra effort. It will be remembered, perhaps, by many of our readers that this little boat was presented to the late Commodore Foote by some gentlemen in Chicago, about one year ago, since which time her great speed has rendered her name famous in the naval branch of the service. We are informed that the little Belle visits us on very important business, and will return in a few days.

DELT. Lieutenant Sam. H. Shaw, of the 10th Ohio, who had the rebel Gen. Robert Vance in charge at the time he got off the cars in Tennessee, assures us that our correspondent Dr. Adonis does him great injustice in saying that he violated his parole of honor in an attempt to escape, and that he really did jump off the cars while asleep, and, as soon as he was aroused to consciousness, hallooed for the train to stop. He was somewhat blamed by his full. Lieutenant S. says Gen. V. is too much of a gentleman to violate his parole.

A NOTORIOUS GUERRILLA KILLED AND HIS BAND ROUTED.—We learn the Captain Unthank, of the 11th Kentucky cavalry, started in pursuit of a guerrilla band with a small detachment of his regiment, and on last Thursday overtook them in the neighborhood of Monticello. A spirited fight took place, which resulted in the death of Rogers, their leader, and the wounding of several of his men. The band retreated when it was discovered that their chieftain had fallen. So far as we could learn there were no casualties on our side.

NINTH OHIO CAVALRY.—This fine regiment paraded through our principal streets yesterday, preceded by the Pest Band. It is a new regiment, 1,200 strong, and under command of Col. W. D. Hamilton. They have been encamped in the neighborhood of the city for several weeks, and their deployment has been a spectacle, such as becomes true soldiers. Capt. Fosses reviewed them yesterday for two hours on Broadway, and the Captain was highly pleased with the result.

DELT. Mr. Newton Fox, who was the first man in New Orleans to volunteer in the Federal service, is now in our city. He phoned our guibous to New Orleans after their passing the front, and subsequently he piloted them to Vicksburg. He does capital piloting, the night is not a regular pilot. He is an engineer, and he brings the very strongest recommendations from Rear Admiral Farragut and other high officers of the Navy.

IMPORTANT COMMAND.—Lieut. Col. J. H. Hammon, formerly of the 10th Kentucky, striven in the city yesterday from Huntsville, Alabama. He has been appointed by Gen. Grant to assume command of all drafted men in the military division of the Mississippi, with headquarters at this place. Lieut. Col. H. will proceed at once to organize the commands, and forward the regiments to the front.

DELT. In order to correct a misapprehension into which several persons have fallen, we will say that the Mr. Robert A. Bell, whose name was appended to the recent call for a medical meeting at Odd Fellows' Hall, is not the junior host of the Galt House. That gentleman is not of the radical party.

THEATRE.—The thrilling plays of Mazepa and Rockwood will be repeated to-night. Miss Addie Anderson appears as Mazepa, and Mr. R. E. Miles in Rockwood, with his celebrated trained horses. It is necessary to go early in order to obtain seats, as the house is crowded every night to its utmost capacity.
